Dear Billy:

Corporate & Community Support is the real *Difference* in our Air Show.

I wanted you to know that you are appreciated for what you do. THANK YOU! This project requires volunteers and funding. Our corporate sponsor programs generate even more revenue than we receive from Accommodations Tax sources.

Sponsor generated funds.....$73,100
Accommodations Tax funds.....62,400

WE have long believed that our city and our region deserve a First Rate Family Festival and now after four years, *we have ONE!*

I have enclosed an article from the Morning News, a flyer from this year's show and a sponsors' brochure as well. Remember, the Air Show is scheduled for the first weekend in May 2006, Saturday and Sunday May 6 and 7. Please put it in your plans for '06.

Once again, thanks for your substantial efforts and unwavering support of the May Fly Air.

May Fly Air Show sees no turbulence

The warm sunshine was as precious as gold to organizers of Sunday's May Fly Air Show.

Thousands looked skyward to see the winged acrobatics from aircraft ranging from 1940s biplanes to technologically advanced A-10s.

"This is picture perfect. It's colossal, it's stupendous. People have turned out today like never before," Tom Marschel, Greater Florence Chamber of Commerce president, said of the second day of the fourth annual air show.

The chamber is the organizer of the show, and Cordy Williamson is the director of it.

High winds and a heavy rain that swept over the Florence Regional Airport on Saturday interrupted the show's opening day, but that was not the case Sunday.

"This is what air shows are all about," said Jim LeRoy, pilot of the Bulldog Pitts, a biplane customized to endure crash-defying stunts.

LeRoy, of Lake City, Fla., who said he flies in 25 to 30 air shows a year, said Sunday's crowd shows that there is a high level of interest in the local air show.

"This is a crowd you can be proud of," he said of the number attending.

Marschel said he would not have accurate attendance numbers for weeks, but his initial estimate was 17,000 to 20,000.

"People from the whole region have come out and found out what a great family event this air show can be," he said.

Ron Summerford was one of those who brought his family to the show.

"This is a good show," Summerford said as he watched with his daughter Ashley, 6, and his son, David, 5.

Aside from the show, which featured a wing-walker that Ashley liked, Summerford said he was impressed with the layout that grouped food vendors.

"Everything is easy to find," Summerford said. He also said prices for food were reasonable.

Bashama, owner of Momma's Sweetreats Cafe, was one of the vendors that set up a tent to serve the air show crowd. This is her second year of working the air show.

"I am very satisfied," with the traffic coming to her tent, she said, over the sound of a streaking A-10 Warthog.

Other sites offered funnel cakes, ribs, pizza, ice cream, barbecue and sweet tea.

As for an encore, Sunday's air show will be hard to top.

"This is what we envisioned the show to be," Marschel said.

He said the addition of the Red Baron Pizza Squadron, a four-person stunt team that flies

World War II Stearman biplanes, enhanced the show's line up.

"It has all come together. I'm delighted," Marschel said. "We've hit one over the centerfield fence."

WPDE TV 15
P.O. Box 51150
Myrtle Beach, SC 29579

Dear WPDE TV 15:

We are pleased to report to you on the progress of the Children's Museum of South Carolina's Capital Campaign Project. This has been an ongoing project and we feel that it is most important to keep our donors and business partners informed.

As you know, the Board has purchased a site and has successfully secured $8.5 million in cash pledges toward the realization of the new facility. The Museum administration has worked with the architect and exhibit design team to weave an adventure of past, present, and future throughout the new museum. Each exhibit in the new children's museum will create a unique blend of hands-on learning and local history through its museum design and interactive exhibits.

To date, the Board continues to work diligently to secure construction financing for the new facility at Broadway at the Beach. In an effort to move forward with this final phase of the Capital Campaign Project, the board has hired Alan Nagy as our Development Officer. Mr. Nagy has extensive experience with group and institutional capital campaign projects and is already working to move our project to its final phase.

We are proud to announce that Wendy's has made a definite commitment to sponsor the KidzCity Bandstand/Stage in the new facility. We are very proud that Wendy's has joined the Children's Museum of South Carolina in this most important business sponsorship. The Museum has secured two guarantors for $1,000,000 each to assist in securing financing for the construction of the new facility.

As we move closer to the actual construction of the new facility, the Board is working to attract additional lead donors and business partners. It is important for the business sector to be involved in this community project. Their support and sponsorship is more than just a financial commitment, it is about investing in a part of the community that has the ability to use the power of children's play and interactive learning to unite the community and foster economic growth. The lead donors and business partners will enable the Museum to promote continuous learning in young children while emphasizing child/parent interaction.

Your support and enthusiasm for the mission of the Museum has made our success in the day-to-day operations and our Capital Campaign Project possible. With your continued support, we can look forward to the start of construction on the new facility by the end of 2005, and to the increased number of commitments by lead donors and business partners, but most important of all, we can look forward to the day that the doors open on the new Children's Museum of South Carolina.

Putting children first!

WPDE – TV 15
PO Box 51150
Myrtle Beach, SC 29578

Dear Billy:

Conway Medical Center and Conway Medical Center Foundation thanks WPDE – TV 15 for partnering with us to provide the CMC HEALTHREACH Program. With your assistance, the medically underserved in our area are able to access medical care. Since its inception in 1997, the program has grown and, in addition to the mobile medical unit, includes a diabetic education program, assistance to Friendship Free Medical Clinic and Backpack Buddies, a food and nutrition program for indigent children in our area.

Funding for HEALTHREACH enables us to reach beyond the walls of Conway Medical Center to persons in need of our services with little or no means of accessing them. We are continuing to assess the health needs in our area to find where HEALTHREACH may provide assistance. HEALTHREACH will continue to grow and evolve and we attempt to meet the medical needs of our underserved population.

Again, we thank you for your continued support and present this plaque in recognition of your commitment to our community.

Cordially yours,

Dear Victoria:

Thank you so much for your station's participation in the SCBA Job Fair, April 5, 2005 in Columbia. This year's event was a great success due to the strong support from our member stations. Over 75 radio and television stations were represented and over 150 broadcasting students from all across the state actually attended!

The event provided students a unique and valuable opportunity to learn first hand about career options in the broadcasting industry in SC. By having your management, human resources and other hiring personnel on hand, students were able to receive counsel, submit their resumes, network and gain information about your station.

We hope the Job Fair was beneficial to your company's recruiting efforts and we appreciate your participation in supporting the next generation of SC broadcasters.

Sincerely,

Karen
