Reach quality employees in the western portion of the Metroplex with the Star-Telegram.

Dallas/Fort Worth/Arlington is the nation's 5th largest metro market. Fort Worth and Arlington, which make up the western portion of the Metroplex, are a significant segment of that market, growing fast and covered daily by the Star-Telegram. Newspaper readership in the Metroplex is literally a tale of two cities — two distinct parts, comprised of two mutually exclusive newspaper audiences. To reach the western portion of the market, you need to advertise in the Star-Telegram!

Fort Worth/Arlington is a rich source of qualified applicants. Companies like Lockheed Martin, Pier 1, Bell Helicopter and Radio Shack are based here and attract a diverse pool of talent that reads the Star-Telegram. Nine out of 10 newspaper readers in greater Fort Worth/Arlington read the Star-Telegram each and every day of the week. The Star-Telegram is the only newspaper to reach them!

Place your recruitment ads in the Star-Telegram, where they'll work for you!
