Dear Donna:

On behalf of our Board of Directors, staff and the youth we serve; thank you for your Media Sponsorship of our 2010 Bowl For Kids' Sake event. Bowl For Kids' Sake is our largest fundraising event of the year, accounting for 20% of our annual budget. Your support of this event is sincerely appreciated.

Bowl for Kids" Sake 2010 was our 32nd annual event. More than 550 bowlers and volunteers participated in the event to help to raise nearly $70,000.

Your generosity allows us to make a difference in the lives of approximately 500 youth annually. Those involved with Big Brothers Big Sisters impact lives. **Youth** are impacted through 1-to-1 mentoring relationships. **Volunteers** are impacted by knowing they mentored a youth. **Donors** are impacted by knowing they are making a sound investment with a proven return. We thank you for helping us impact lives.

Sincerely,

David B. Yeghiaian

Dear General Manager or NCSA/PEP (Public Education Program) Coordinator,

Enclosed you will find materials for the next segment of NCSA /PEP.

The NCSA (Non-Commercial Sustaining Announcement) Program/PEP (Public Education Program) works like this. Stations donate unsold time slots to your WBA, and we arrange for qualifying sponsors (non-profit and government agencies not engaged in paid broadcast advertising in Wisconsin) to air their message in these slots. The NCSA Program/PEP is not in competition with stations. Participation is on a voluntary basis and spots air in a variety of time segments. All messages are non-political, non-controversial and serve a public need. The NCSA Program/PEP is a win-win situation for all involved. Sponsors receive exceptional value for their investment. Broadcasters fulfill their role as community servants through their donation of airtime for distribution of these messages. And, revenue is generated that can support the growth and development of our industry in Wisconsin. Your station commitment to NCSA/PEP allows your WBA to continue to provide top quality professional training, free legal and regulatory support, thousands of dollars in broadcast student assistance and many other services.

We appreciate your station's support of this important program and remember...these educational and informational spots, sponsored by WBA clients, are unique. NCSA/PEP spots, unlike other PSA's, are logged and identified as such, making it possible to pull monthly reports verifying the value of the airtime. The accurate and timely reporting to your WBA is an essential part of your participation in the NCSA/PEP program. With these reports in hand, your WBA can document to sponsors the strong return on their investment. A successful NCSA/PEP program enables your Wisconsin Broadcasters Association to continue to bring its member high-level service at very affordable rates. More importantly, participation in the NCSA/PEP program positions local broadcasters as powerful and valuable partners with state and federal agencies.

If you have any questions regarding the airing or reporting of your NCSA/PEP spots, please call your WBA office at (800) 236-1922 or e-mail me at mvetterkind@wi-broadcasters.org or Liz Boyd at lboyd@wi-broadcasters.org. Your partnership in this endeavor is greatly appreciated.

December 17, 2009

Dear WBA Member,

PLEASE GIVE THIS YOUR ATTENTION AS SOON AS POSSIBLE BECAUSE OF THE TIMING INVOLVED WITH THE WBA'S NCSA/PEP ANNOUNCEMENT PROGRAM. Enclosed are the 2010 NCSA/PEP PROGRAM Explanation and Agreement.

Once again, the Army National Guard is thrilled with our renewed partnership. It has proved to be a win-win-win situation. Therefore, we have agreed to continue the program for 2010.

WBA's Non-Commercial Sustaining Announcement (NCSA)/Public Education Program (PEP), begun in 1988, continues to be a great success because of the broad participation of you, our members. In 2009, 209 radio stations and 32 television stations took part in the NCSA/PEP program. As a result of your great support, the WBA has been able to expand our countless educational offerings, member services, and information sharing activities (including our unprecedented FREE Sales Training which we will be offering in 2010). Also as a result of that increased support, the Board of Directors was able to make permanent the temporary 50% dues reduction instituted when we started the NCSA/PEP program.

IMPORTANT!! You will notice that there are several "to be announced" segments for the 2010 program. As you can imagine, due to the economy, it has been more difficult than usual to pre-sell the NCSA/PEP program for 2010. There are several agencies and non-profits that have expressed interest, but have been unable to commit as far ahead of time as they might otherwise. As many of you know, in an Election Year we have typically been able to "double up" time during first quarter (with keeping the four weeks prior to the November Election open). This past September, the WBA Board voted a unanimous "Yes" to two items: 1) To allow the WBA the discretion and increased flexibility in selling the NCSA/PEP program for 2010 in terms of potentially increasing the number of programs that are run at the same time (while not increasing the total number of spots stations would be asked to play during the year); and 2) to offer the Local Broadcast Sales Training Program (LBS) to WBA Members for FREE as a WBA Member Service for 2010 as a one-time trial (the program will be reviewed at the end of 2010 to determine if we will continue). The WBA Board saw the two as going hand-in-hand. We're asking for greater flexibility from stations, and in return, we're providing stations with a significant FREE member service. In addition, there are several initiatives we are working on in order to help expand our NCSA/PEP client base for 2010 (here at the WBA, as well as with the National Alliance of State Broadcasters Associations).

FOX has assured the FCC that the network will comply with all the appropriate on-air announcements in TWIB and in the relevant MLB game promos (as well as notifying the listing services of the new times) so that FOX affiliates can continue to count the rescheduled episodes of TWIB as "core" educational children's programming.
