VERIZON PLANS \$50 MILLION REFUND TO CUSTOMERS

VO: 25

Verizon Wireless admitted on Sunday it had erroneously charged customers for data services they didn't want and said it would refund more than \$50 million to those cellphone users. The announcement, among the largest customer refunds by a telecom service, comes amid complaints that users were unintentionally accessing the Web and using other data services, only to find those mistakes through extra charges on their monthly service bills. The Federal Communications Commission had been investigating the alleged practice and said Sunday it would continue its formal probe, which could lead to additional penalties on the nation's largest wireless firm. Verizon said that over several years, 15 million customers were charged from \$2 to \$6 for data services they didn't initiate. A source close to the company said Verizon Wireless will pay refunds to current and past customers for the error.

11 LATIN AMERICAN COUNTRIES AGAINST SB 1070

VO: 20

Eleven Latin American countries want permission to urge the Ninth Circuit Court of Appeals to strike down SB 1070, Arizona's anti-immigrant law. Mexico and a host of other countries petitioned the court on Monday in order to file friend of the court briefs that restate their opposition to the law. In its original language, SB 1070 would have allowed officers enforcing state, local and even civil code to pull over anyone they had "reasonable suspicion" to believe was in the country without papers. It also created a new class of state crimes and punishments for federal civil immigration violations. The law was met with international outrage and organizing.

Seven lawsuits were filed challenging the law, including one by the Department of Justice.

LOURDES DEL RIO/ MIAMI, FLORIDA
PKG 2:19**

At least six states are investigating the foreclosure procedures at Ally, JPMorgan Chase, or both. Dobbs devoted so much time to railing against undocumented people that he managed to skew the national debate on immigration reform. While he off-handedly would acknowledge their hard work, he devoted the bulk of his radio and TV air time to made-up stories of diseases and invasions.

FORECLOSURE CRISIS

VO: 21

Bank repossessions and foreclosure auctions hit record levels in the third quarter, RealtyTrac said on Thursday. 372,445 foreclosure auctions were scheduled in July, August and September, while 288,345 properties were repossessed by lenders over the same time period. Overall foreclosure filings edged up to 930,437 in the third quarter, a 4% increase from the previous quarter. One in every 139 homeowners received a foreclosure filing during those three months. Bank repossessions, or REOs, also are on the rise. In September, a record 102,134 homes were taken back by banks. It's the first time repos have topped 100,000 in a single month. The uptick is not expected to last, RealtyTrac CEO James Saccacio said in a statement, because several major loan servicers have halted foreclosure sales pending a review of documents. Nevada had the nation's highest foreclosure rate, up 1% from earlier, for the 15th quarter in a row. One in every 29 Nevada homes received a foreclosure filing during the third quarter.
