BRIEF DESCRIPTION: Tomorrow morning many south bound commuters will be driving on two brand new lanes of asphalt. The shift in lanes might throw a few drivers off track as lanes from the Rockrimmon exit to the Garden of the gods exit will be swapped to the left side. These small delays are nothing compared to what's ahead as 2007 will be the busiest construction period in the project. Cosmix is due to be finished at the end of 2007.
