CHILDREN'S TV PROGRAMMING COMMERCIAL CERTIFICATION *

KXRM-TV DT certifies that all 12-and-under children's television programs carried during this quarter on its analog and digital channels, which we identified below, were formatted so that, as a matter of standard policy and practice, the programs would not exceed the following commercial time limits in Section 73.670 of the FCC's rules:

Weekdays: 12:00 minutes in any hour program (6:00 minutes in stand-alone half-hour program)

Weekends: 10:30 minutes in any hour program (5:15 minutes in stand-alone half-hour program)

1. Station certifies that there were no time periods in this quarter during which the "commercial matter" time limits stated above were exceeded during 12-and-under children's programming.

YES

NO - ONLY ON
MULTICAST
CHANNEL -
RTN
NETWORK

If no, provide details of each such instance in Annex A.

2. Station certifies that, during the quarter, it has complied with the commercial requirements of Section 73.670(b), (c) & (d) of the FCC's rules regarding the display of Internet website addresses during 12-and-under children's programming, which requirements became effective January 2, 2007.

YES

NO

If no, provide details in Annex B.

I hereby state, under penalty of perjury, that the foregoing is true, correct and complete to the best of my knowledge, information and belief.

Re: Commercial Certification Form

Attached is the certificate regarding children's programming provided by Retro Programming Services, Inc., to enable you to prepare the certification you must place in the public inspection file for Station KXRM(TV) on January 10, 2008, concerning compliance with the FCC's children's programming requirements.

We are hereby notifying you that during the 4th Quarter of 2007, the amount of commercial matter during the program *Hip Hop Harry* exceeded the limit in Section 73.670 of the FCC's Rules. The dates and times on which these commercial overages occurred are set forth on the commercial certification form attached to this letter. You should include disclosure of this violation in your public file.

Retro Programming Services, Inc. has now implemented changes to its trafficking system to ensure that this violation will not occur in the future. All RTN children's programming will have availabilities filled with only Public Service Announcements ("PSAs"), and then "locked" so no commercial advertisements will be inserted. Meetings with the traffic, programming and master control departments have been held so that the policy regarding children's programming is clearly understood.

While you are required to note the commercial overage violation in your public file certificate, you are not required to communicate with the FCC regarding this matter until your next license renewal application, several years from now. Retro Programming Services, Inc. will cooperate with you regarding any communication you may have at the FCC regarding this error, and will emphasize with the appropriate FCC staff members that the violation should lie with us as the network, and not the licensee.

The violation concerned only the amount of commercial content in the program. The Retro Programming Services feed complied with FCC requirements to include an average of at least three hours a week of children's programming. To our knowledge there has been no violation of either the prohibition against commercial material delivered by program characters ("host selling") or restrictions on promoting websites that include commercial material.

If you have any additional questions regarding this matter, please do not hesitate to contact us. We look forward to continuing a strong working relationship with you.

Commercial Limit Certification

I, , in my capacity as Traffic Director for Retro Programming Services, Inc., do hereby certify that for the period from October 1, 2007 through December 31, 2007:

1. I am familiar with the commercial limits imposed by Section 73.760 of the Federal Communications Commission's rules [no more than twelve (12) minutes per hour of commercial material may be broadcast during children's programming during the week, and no more than ten and one-half (10 ½) minutes per hour on weekends];
2. Unless attached as Exhibit A, no commercial limits set forth in paragraph 1 above were exceeded.

Certified by me this 10th day of January, 2008.
