Response to Notice of Violation
File No. EB-FIELDWR-12-000033150
NOV No. V201232780012

Affiliated Media, Inc. FCC Trust, licensee of TV translator station K15AG-D, Ninilchik, Alaska (Facility ID No. 62551) ("Licensee"), hereby responds to the above-referenced Notice of Violation ("NOV") dated July 25, 2012. The deadline for response was extended by email dated August 14, 2012.

The NOV alleges a violation of 47 C.F.R. § 74.765(b), which reads as follows:

The call sign of the station, together with the name, address, and telephone number of the licensee or local representative of the licensee, if the licensee does not reside in the community served by the station, and the name and address of the person and place where the station records are maintained, shall be displayed at the transmitter site on the structure supporting the transmitting antenna, so as to be visible to a person standing on the ground. The display shall be maintained in legible condition by the licensee.

The NOV stated that agents of the FCC Enforcement Bureau's Anchorage Resident Agent Office inspected TV translator station K15AG-D and observed the following: "The agents did observe a display posted at the transmitting site identifying the licensee located in Anchorage, Alaska. However, the posted contact is not local to the Ninilchik, Alaska area. In addition, the display did not identify the person and place where the station records are maintained."

As noted, Licensee did have an identification sign at the transmitting antenna site. Licensee has installed a new sign that identifies the location where the station records are maintained. Licensee has been in contact, and will continue to cooperate, with the Resident Agent's Office to ensure compliance with the FCC's Rules.

Declaration

I, Jerry Bever, am the General Manager of TV Translator K15AG-D, Kenai/ Soldotna, Alaska (Facility ID No. 62551) and have personal knowledge of the factual representations provided in the attached response and declare under penalty of perjury that such representations are true and accurate to the best of my knowledge and belief.

Jerry Bever
