Fred Lieberman that he asked Marines in his command to falsify maintenance records of the crash-plagued MV-22 Osprey in order to keep the aircraft in production. He and other Marine officers claim that they need the Osprey to replace a fleet of outdated helicopters, while critics cite the aircraft's high cost and poor track record. (C: Mike Wallace - P: Paul Gallagher) (OAD: 01/21/01)  
**"The Strange Case Of Dr. Shipman"**- Police in Hyde, England became suspicious when an alarming number of elderly women in the care of Dr. Harold Shipman, a respected local physician, died suddenly. Further investigation showed that Dr. Shipman had killed the women by injecting them with lethal doses of morphine with no apparent motive other than the desire to control an individual's death. (C: Ed Bradley - P: Jeanne Solomon Langley) (OAD: 01/14/01)  
(continued on following page)

60 MINUTES (06/17/01 continued)

- 06/17/01     **"Not As Private As You Think"**- surveillance of Internet users is being conducted by so-called advertising networks who gather data by using a tracking device called a "cookie." Problems have arisen because millions of consumers are giving personal information on the Internet without knowing who is getting it or how it will be used. (C: Lesley Stahl - P: Rome Hartman) (OAD: 11/28/99)  
**Andy Rooney Topic: "Don't Retire"** - Andy's thoughts on college vacations, the lack of good teachers and retirement (OAD: 02/18/01)
- 06/24/01     **"President Simmons"** - an interview with Ruth Simmons, the 18th president of Brown University. Ms. Simmons, a sharecropper's daughter from Grapeland, Texas is the first African-American to be named president of an Ivy League college. (C: Morley Safer - P: Catherine Olian) (OAD: 03/04/01)  
**"The Earth Liberation Front"**- a report on the FBI's efforts to infiltrate ELF (Earth Liberation Front), one of the most active domestic ecoterrorist groups in the U.S. Although the underground group has claimed responsibility for 30 acts of economic sabotage against companies, researchers and individuals it believes are harming the environment, none of its members have been identified or caught. (C: Steve Kroft - P: Graham Messick) (OAD: 01/14/01)  
**"Nothing More To Worry About?"**- a report on the rising number of deaths among AIDS patients due to several factors; drugs currently available suppress the virus but don't kill it; the serious side-effects of long-term use of anti-AIDS drugs; and the fact that people most at risk are not taking precautions because they think that AIDS is curable. (C: Lesley Stahl - P: Shari Finklestein) (OAD: 01/21/01)  
**Andy Rooney Topic: "Packaging"**- misleading size of packages (OAD: 06/09/96)

60 MINUTES II

- 06/05/01     **"The Missiliers" Pts. I & II**- despite the fact that the Cold War is over, tension between the U.S. and Russia is greater than ever. Both countries still maintain large arsenals of nuclear weapons which are continually tested and could be launched at a moment's notice. Includes an interview with General Eugene Habiger (ret.), former commander in chief of all U.S. nuclear forces, who attempted unsuccessfully to forge a mutual disarmament agreement with Russia. (C: Dan Rather - P: George Crile, Neeraj Khemlani) (edited version of OAD: 02/08/00)  
**"Death By Suffocation"**- an interview with Jerry Cochran, a former sailor who is slowly suffocating to death because of exposure to toxic dust while resurfacing the flight decks of U.S. aircraft carriers. Navy doctors first diagnosed Cochran's illness as sarcoidosis, a disease of unknown cause. Later tests confirmed that it was silicosis, a fatal condition directly related to Cochran's work on board ship. Despite the testimony of medical experts, the U.S. Navy has done little to follow up on other sailors who were similarly exposed. (C: Vicki Mabrey - P: Nareej Khemlani)  
**"Boy Wonder"**- a profile of Sho Yano, a 10-year-old genius who is currently a student at Loyola University, Chicago. Includes interviews with Sho's parents, Katsura and Kyung who, while acknowledging their son's extraordinary intelligence, say they are working to provide balance in his life. (C: Carol Marin - P: Don Moseley) (OAD: 12/05/00)  
**Charles Grodin: commercialization of sports**

- 06/12/01     PREEMPTION

60 MINUTES II (continued)

- 06/19/01      **"William Pierce, PhD** - a followup to "William Pierce, PhD" (OAD: 60 MINUTES 05/19/96), an interview with William Pierce, author of The Turner Diaries. The book, containing the formula for the type of bomb used to blow up the Alfred P. Murrah Building in Oklahoma City, is reportedly a favorite with Timothy McVeigh, the convicted bomber. The followup consists of interviews with Pierce about his use of 'hatecore' rock with anti-government, anti-black, anti-Semitic lyrics; and Morris Dees, Southern Poverty Law Center. (C: Mike Wallace - P: Gail Eisen)
- "The Celtic Tiger"**- a report on Ireland, currently the country with the world's fastest growing economy and one of the leading exporters of computer software. Lured by the country's low taxes and technological growth, young people who left the country are returning in record numbers. (Bob Simon - P: Draggan Mihailovich) (OAD: 12/12/00)
- "James Ellroy"** - profile of crime novelist James Ellroy, whose 1990 novel L.A. Confidential was made into an Academy Award-winning movie. (C: Charlie Rose)
- Charles Grodin** - Grodin gets a present of TiVo for his TV set (OAD: 02/06/01)
- 06/26/01      **"Wall Street Prophets"**- a report on stock analysts working for big brokerage houses whose advice is geared to make themselves, rather than clients, wealthy. Includes an interview with Tom Brown, a former analyst for Donaldson, Lufkin & Jenrette, who turned down the firm's offer of \$400,000 in severance pay because it entailed his silence. (C: Scott Pelley - P: Nancy Duffy) (OAD: 01/30/01)
- "Call For Help"**- a report on problems arising when police officers are inadequately prepared to respond to calls involving EDP (emotionally disturbed persons). Because standard police procedure tends to invite rather than prevent confrontations, the result too often is the death either of the mentally ill person, the police officer, or both. C: Dan Rather - P: Steve Glauber, Chris Martin)
- "Swept Away"** - a report on the conflict in Turkey involving the need for economic development and the preservation of the historic past, focusing on the building of a new hydroelectric dam which would flood the ruins of Zeugma, thought to be one of the wealthiest outposts of the Roman Empire. Includes interviews with Isthemihan Talay, Turkish Minister of Culture and Olcay Unver, a U.S.-trained civil engineer. (C: Vicki Mabrey - P: Brooke Runnette)
- 48 HOURS
- 06/04/01      **"Bitter Pill"** - Stella Nickell of Auburn, Washington, was sentenced to 90 year in federal prison for poisoning her husband Bruce and Sue Snow, a Seattle bank manager with cyanide-laced Excedrin. Thirteen years after the tampering conviction, two private investigators, Al Farr and Paul Ciolino contend that authorities had little evidence to prove Nickell was guilty other than the testimony of Cynthia Hamilton, the accused's daughter. Hamilton was paid a \$250,000 reward for her cooperation but that and other pertinent evidence was never brought up at Nickell's trial. Based on Farr and Ciolino's findings, Stella's legal team has filed a request for a new trial. (C: Troy Roberts - Sr. P: Katie Boyle - P: Doug Longhini, Gail Zimmerman)

48 HOURS (continued)

- 06/07/01 "Cyberstalker"- a joint 48 HOURS/Reader's Digest investigation of the dark side of the Internet, used by 15 million children every day. Parents are beginning to realize that, despite its many benefits, the Web may also serve as a haven for pedophiles and other sexual predators. Included are reports on Operation Blue Ridge Thunder, a Virginia-based program fighting cyber crimes against children; the murder of 22-year-old Amy Boyer of Nashua, N.H., by a stalker who used the Internet to find personal information about his victim and even detailed on two national Web sites how he would kill her; and Linda Alexander, a Vista, Ca. lawyer who has set up a service to perform background checks for people using computer matchmaking services. Following the broadcast, CBS News and America Online hosted a live online chat with experts from the National Center for Missing and Exploited Children. (C: Peter Van Sant, Susan Spencer, Bill Lagattuta - Sr. P: Al Briganti - P: Joe Halderman, Josh Gelman, Jay Young) (OAD: 03/30/00)
- 06/11/01 "Day Of Reckoning" - a live broadcast reporting on events of the day on which Timothy McVeigh was executed. Includes comments by relatives of victims and survivors of the bombing who watched McVeigh's execution on a closed-circuit broadcast; an analysis of Ed Bradley's interview with McVeigh (OAD: 60 MINUTES 03/12/00); an interview with Stephen Jones, one of McVeigh's attorneys; a followup on victims whose lives were shattered by the blast; interviews with: Mark Potok, an expert on the militia movement; Mike Kemp, a militia member; and Greg McCrary, a former FBI agent; and reactions of survivors who were present at the execution. His father, Phil Milto, has started a foundation in Nathan's name to raise money for research and has been giving the child Flupirtine, an unapproved drug in hopes of slowing the disease; 20-year-old Mellissa Holley of Ridgeway, Colorado who was left paralyzed after an auto accident and travelled to Israel to undergo an experimental procedure; and the use of music therapy to help restore speech and movement in patients who have suffered brain injuries. (C: Richard Schlesinger, Peter Van Sant, Susan Spencer, Troy Roberts - Sr. P: Diane Slaine-Siegel - P: Mary Sue Holland, Peter Henderson, Joe Halderman, Paul Ryan)
- 06/18/01 (48 HOURS MYSTERIES) "Citizen Jane"- when Gertrude McCabe was brutally murdered, her niece Jane Alexander was named her principal beneficiary. Jane, a widow in her 70s, began to suspect that her live-in boyfriend, Tom O'Donnell, might have been involved in the crime. When O'Donnell, who was handling all Jane's finances, suddenly disappeared the elderly woman found that he had left her nearly broke. Spurred by Jane's persistence police tracked down O'Donnell who was charged with fraud and subsequently murder. Today, Jane, the founder of Citizens Against Homicide, devotes her time and energy to helping families of murder victims solve their cases. (C: Bill Lagattuta - Sr. P: Katie Boyle - P: Loen Kelley, Joe Halderman, Ian Paisley, Deirdre Cohen) (OAD: 05/18/00)

48 HOURS (continued)

- 06/21/01 (48 HOURS MYSTERIES) "Impossible Mission"- in 1986 newlyweds Dyke and Karen Rhoads of Paris, Illinois were murdered and their house set on fire. A year after the incident, juries handed down guilty verdicts to suspects Randy Steidl and Herb Whitlock. Feeling that a miscarriage of justice had occurred, Professor David Protesse of the Medill School of Journalism and four of his students began their own investigation of the 13-year-old murder. 48 HOURS follows their investigation as they uncover new evidence, speak to new witnesses and attempt to find the real reason for the murders. (C: Susan Spencer - Sr. P: Al Briganti - P: Anthony Batson, Doug Longhini, John Mondello) (OAD: 05/15/00)
- 06/25/01 (48 HOURS MYSTERIES) "Daddy's Little Girl"- at 16 Mindy Berenyi, an Antwerp, Ohio girl claiming to be a victim of physical and psychological abuse, was tried for the murder of her father and, having agreed to a plea bargain, was sentenced to prison. Two years ago the Ohio courts began recognizing battered child syndrome as permissible grounds for defense in a murder case. Mindy opted for a trial and, having been found guilty of aggravated murder, was sentenced to life in prison. She is currently appealing her conviction. (C: Susan Spencer - Sr. P: Katie Boyle - P: Katherine Davis) (OAD: 02/17/00)
- 06/28/01 "The Legacy"- looks at the blessings and burdens of growing up in famous families, including interviews with James Raymond, adopted at birth, who later learned at age 30 that he is the son of David Crosby of Crosby, Stills and Nash; Freeda Foreman and Laila Ali, daughters of boxing champions George Foreman and Muhammed Ali, both of whom decided to follow in their fathers' footsteps; Victoria Gotti, daughter of mobster John Gotti, who is a successful novelist; Pete Rose Jr., son of the baseball legend, who, at 30, has not advanced beyond the minor leagues. (C: Bill Lagattuta, Harold Dow, Erin Moriarty - Sr. P: Katie Boyle - P: Susan Wiggins Moore, Marcelena Spencer, Patti Aronofsky, Alec Sirken) (OAD: 08/09/00)
