60 MINUTES

- 07/01/01 **"Why So Expensive?"**- a report on problems resulting from the rising cost of prescription drugs in the U.S., focusing on the plight of senior citizens, many of whom have no health insurance to offset the cost of medication they need to keep them alive. As a last resort, some of these seniors are traveling to Canada or Mexico where the same drugs are sold at a fraction of the price. (C: Mike Wallace - P: Scott Bronstein) (OAD: 10/17/99)
"Officer Young"- Cornel Young, Jr. an off-duty police officer and son of the highest-ranking minority officer in Providence, R.I., was shot and killed by two white police officers during an altercation at an all-night restaurant. The white officers claim that they did not recognize Young who, with his gun drawn, was coming to their assistance. Although the police officers involved were not charged with any criminal action, Young's mother Leisa, has filed a 20 million dollar lawsuit against the city of Providence. (C: Steve Kroft - P: L. Franklin Devine) (OAD: 11/19/00)
"The Orchestra"- a report on the Venezuelan National System of Youth Orchestras and Choirs, a private program designed to give free instruments and music lessons to the poor children of Venezuela. Andy Rooney Topic: "The Bronx Zoo" - Andy visits the zoo (OAD: 04/27/97)
- 07/08/01 **"The Boy Scouts"** - last summer the U.S. Supreme Court ruled that the Boy Scouts have the legal right to exclude avowed homosexuals. The decision has stirred a heated debate involving those who charge that a policy of exclusion is fundamentally wrong, and others who charge that homosexuality is immoral and as such violates the basic code of Scouting. (C: Lesley Stahl - Shari Finkelstein) (OAD: 04/01/01)
"Negative About Affirmative Action"- three white students charge in a lawsuit that the University of Michigan denied them entry but enrolled black students who they say were less qualified academically. Critics charge that using race as a standard for admissions is illegal, while Michigan University spokesmen claim that it the only way to achieve diversity. (C: Ed Bradley - P: Amy Cunningham Atkinson) (OAD: 10/29/00)
"Michael Tilson Thomas"- an interview with Michael Tilson Thomas, conductor of the San Francisco Symphony Orchestra and the only American-born conductor of a major U.S. orchestra. (C: Morley Safer - P: Steven Reiner) (OAD: 10/01/00)

(C: Ed Bradley - P: Michael Radutzky) (OAD: 10/15/00)
"Mel Brooks On Broadway"- interview with actor/producer Mel Brooks about "The Producers," the Broadway musical based on his Academy Award-winning film, and the impact of his Jewishness on his life and work. (C: Mike Wallace - P: Jay Kernis) (OAD: 04/15/01)
"Wall Street Whiz Kid"- 16-year-old Jonathan Lebed made close to a million dollars trading on the stock market. Jonathan has negotiated an out-of-court settlement with the SEC but may still face criminal charges. (C: Steve Kroft - P: Trevor Nelson) (OAD: 10/22/00)
Andy Rooney Topic: "Drink Up" - the popularity of soft drinks (OAD: 03/18/01)

60 MINUTES (continued)

07/22/01 **"Made To Order"**- a report on people who go to sperm banks requesting sperm from donors with certain physical and mental characteristics in order to produce an ideal child. Critics charge that the high cost of this kind of selection will make it an option only for the wealthy, while proponents say that it's quite normal for parents to want to give their children advantages. (C: Morley Safer - P: Denise Schrier Cetta) (OAD: 10/22/00)
".Com Millionaires?"- a report on the failure of a growing number of Internet companies, including an interview with Jim Nesfield, a 'vulture' capitalist who looks for companies that are distressed or bankrupt and buys their assets as cheaply as possible and then re-sells them at a profit. (C: Lesley Stahl - P: Shari Finkelstein) (OAD: 03/04/01)
Andy Rooney Topic: "Visitors" - Andy looks at tourists (OAD: 06/07/98)

07/29/01 **"On Line U"**- while a number of Internet businesses are bottoming out and shutting down, on-line education is flourishing. Proponents claim that it enables students...many of the older and with full-time jobs... to earn degrees when and where they want via the Internet. Critics charge that there is a downside -- lack of classroom interaction and the possibility that the value of a degree will be diminished. (C: Lesley Stahl - P: Rome Hartman) (OAD: 02/18/01)
"Femme Fatale"- and interview with French film legend Jeanne Moreau (C: Mike Wallace - P: Jim Jackson) (OAD: 11/27/94)
"Whose Body Is It Anyway?" - the recent announcement of the first analysis of the human genome project has focused attention on the question of whether the biotech industry has the ethical right to patent these genes. Critics argue that genes are not inventions but products of nature, while proponents claim that patent protection promotes discovery. (C: Morley Safer - P: Deirdre Naphin) (OAD: 02/25/01)
